This home has been expertly designed to balance prospect and refuge. The house has two covered outdoor dining options, one next to the pool and one on the decking by the outdoor kitchen. The sociable open planned living, with fully equipped bar, jukebox and pool table, is a conduit for separate areas of the house and extends into the covered terrace and pool terrace to seamlessly merge indoor and outdoor. The Control 4 domotic system was installed in 2023 and enhances interconnectivity throughout the home with a fully integrated lighting, HVAC, security and sound system. The Airplay Sonos system that connects all areas of the house including pool and terrace. The

home is designed for fun with attention on communal areas with top-of-the-range invisible ceiling speakers in the sitting room, bar, kitchen, TV room and master suite.

The gym is brand new with stand alone B&O speakers, air conditioning, high ceilings, luxury fitness brand equipment from Pent, a full range of fitness TechnoGym machines, foosball and massage tables

Can Sakhara has a state-of-the-art outdoor entertainment system including a retractable giant screen that rises out of the terrace and expands to give guests the ultimate high-definition viewing experience when enjoying sporting events in full sunshine or alfresco movie nights reclining on the luxury outdoor furniture. This 144" CSEED Entertainment system is truly unique in Ibiza and it rotates 180° so you can watch it from the outdoor sofas, in the pool or in the standalone bathtub in the Master ensuite. The Master bedroom is incredibly inviting and has a luxury bathroom, office and walk-in wardrobe/ dressing room.

Versatile modernist design and intelligent partitions create spaces that are light and breezy in summer or homely and cozy in cooler months.

The kitchen is a brand new custom designed masterpiece fully-equipped with Gaggenau appliances.

Built into a hill, overlooking Ibiza town and the southern coastline, the split terraced landscaping provides outdoor entertainment opportunity. A shaded dining table with expansive views, seats 16 people with and served by an outdoor modular kitchen and

BBQ with cool room consisting of fridge, freezer and ice machine.

The lateral layout creates an impression of gradual expansion and themes of modularity, light and refuge continue in the bedrooms. Each bedroom has its own character offering independence with ensuite bathrooms and maximising the stunning views which are as wonderful in the glittering evening lights as during the blues of daytime. Sensitive partitions create as well as access to comfortably furnished sun-drenched terraces. All bedrooms have luxury Vispring mattresses for the ultimate sleep experience and all are equipped with high-end entertainment solutions including 55" TV with global channels in every language.

The beautiful secluded exterior of Can Sakhara offer a unique formation of inviting swimming pools, cascades and water features presenting an abundance of luxury spaces to relax, including sun terraces with daybeds, loungers and the lawn area with outdoor bar.
