About the building:

;

Constructed in 2020 by one of the island's premier construction companies using high-quality materials.

Features include a communal 100-m² swimming pool for adults and a children's pool, surrounded by

urban furniture and bicycle racks.

The building incorporates an ETICS thermal insulation system, reducing fuel consumption by approximately 30% and enhancing energy savings for heating and air conditioning.

The lattice facade minimizes solar radiation and creates comfortable intermediate spaces, further reducing energy costs.

Interior highlights:

Open, spacious layouts are designed to maximize natural light and connectivity.

Use of aerothermal equipment for efficient hot water production, significantly reducing electricity consumption.

Underground parking with ample space and storage rooms, including provisions for electric vehicle charging.

Without a doubt, this is the perfect place: an exceptionally attractive apartment in an excellent location for those who wish to be close to the amenities, a short drive to Talamanca beach, and yet enjoy the tranquility and privacy of a residential area in Puig den Valls near Jesus village. This property is sure to attract a buyer soon.

A spectacular apartment with a terrace and magnificent views of Dalt Vila and the sea in the distance for sale.
