San Agustin traditional 3 bedroom pool villa

Holiday rental in Ibiza

Traditional-style house located just five minutes drive from the peaceful village of San Agustin, where there are bars, a restaurant, and a small shop.

Between 1949 and 1972, this house was a country grocery store and then was renovated to provide an excellent level of accommodation.

Many original features have been preserved, including the elegant wooden beams. The villa comprises an entrance through the living room, a beautiful, fully fitted kitchen, 3 bedrooms, and 2 bathrooms.

Outside you will find a large private pool and sun terrace surrounded by mature trees. There is a calm and relaxed atmosphere. The house is situated in the middle of a peaceful countryside and almond groves.
