BEDROOMS 4   BATHROOMS 4   AREA 300m2

## Can Riraku - 4 bedrooms villa with sea view in Escubells

Experience unparalleled relaxation at this exquisite four-bedroom villa available for rent in Es Cubells. With its breathtaking sea views stealing the spotlight, this villa is nestled into a secluded hillside and boasts meticulous design by Romano Arquitectos. Surrounded by rolling hills on one side and mesmerizing sea vistas on the other, tranquility and privacy are guaranteed.

The living areas, arranged around a sprawling decked terrace, exude a sense of refined relaxation. Smooth stone tiles and whitewashed walls create a harmonious blend of contemporary style and Ibicencan charm. Seamlessly flowing between the kitchen, dining area, and lounge, the open-plan layout is thoughtfully designed. Floor-to-ceiling glazing blurs the lines between indoor and outdoor spaces, providing uninterrupted views of the terrace.

Step outside to enjoy sun-drenched days against the backdrop of sweeping sea views. Multiple sheltered chill-out spots invite you to unwind, while the heated infinity pool offers a refreshing dip even during cooler weather. For younger guests, there's a trampoline and a children's playground to keep them entertained.

As night falls, retreat to one of the three beautifully appointed bedroom suites designed for ultimate relaxation. Neutral tones and organic textures enhance the focus on the scenic surroundings, visible through tall glass doors. Additionally, discreetly positioned on a lower floor, an independent guest house accommodates an extra bedroom and bathroom for added convenience.
