

Architect-designed villa with 6 bedrooms in Can Furnet

BEDROOMS 6 BATHROOMS 7 AREA 740m2

Architect-designed villa with 6 bedrooms in Can Furnet

Located a few kilometers from the center of Ibiza, this prestigious villa is nestled on the hillside of the exclusive Roca Llisa residential neighborhood. Designed by the renowned architect Jordi Carreño, it represents a luxurious and tranquil enclave seamlessly blending into the surrounding landscape, offering breathtaking views of the Mediterranean Sea.

The interiors of the villa, crafted by Paul Davies London, embody the essence of modern architecture, skillfully combining classic and contemporary lines. Adorned with carefully selected artworks from the renowned French photographer Bettina Rheims and the Franco-Irish artists Nick & Chloé, the interior spaces reflect exquisite taste. The elegant designer furniture seamlessly integrates with the natural environment.

Roca Llisa provides an ideal setting for relaxation and entertainment. Whether indulging in a hammam session, soaking up the sun by the pool and sunny lounge, entertaining guests with a home cinema system, enjoying a cocktail at the bar, or unwinding on the rooftop terrace, the possibilities are endless.

The main living area, spacious and bright, features an open concept with high ceilings and a bay window offering a view of the sea. This 80-square-meter space, convertible into a dining area, is equipped with a twelve-seater dining table and a large, comfortable sofa, complemented by a Bose audio system.

The bedrooms, all adorned with designer furniture, geometric patterned carpets, and polished stone, offer superior comfort. The master suite includes a king-size bed, an ensuite bathroom with mosaic-decorated jacuzzi, a dressing room, and direct access to the terrace and pool. Two additional ensuite bedrooms feature double beds and private bathrooms with stunning panoramic views.

The property is equipped with heating, air conditioning, outdoor and pool lighting, a security alarm system, high-speed internet, state-of-the-art audio systems, and a fully equipped modern kitchen with high-end appliances from Gaggenau. The spa on the first floor, the Mediterranean garden with indoor pool, hot tub, barbecue, terraces, and relaxation area on the rooftop terrace provide a luxurious experience oriented towards the crystalline sea of the Balearic Islands.
