tropical Balinese garden.

Neighbourhood

San Carlos is a cute & authentic little village,
which remained almost untouched, unlike other
parts. There are a phew local restaurants, a
small grocery shop, a pharmacy and church.
The Village is surrounded by lavish
countrysides and amazing beaches. We are
also close to the famous hippy market of Las
Dalias which takes place every Saturday for the
main event, and sometimes for smaller events
they open on week days, depending of the time
of the year.

Free private parking on premises.
