## Finca km2 Ibiza 4 bedroom for rent

Country house recently renovated in an Ibizan farmhouse over 300 years old. The house was owned by Princess Indira of Kapurthala.

**Holiday rental Ibiza.** Located between Ibiza and San José, 2 km from Ibiza and less than 5 minutes from the airport, in an urban environment with all the facilities. The 2,700 square meters of terrain with native trees, some of them centennial, allow the relaxation and disconnection of rural tourism without renouncing the advantages of an urban environment close to Ibiza.

The house has 4 double bedrooms (3 rooms with double beds and 1 of them with

two single beds) and 3 bathrooms. The sofa is a single bed of 90 in which one more person can sleep if necessary. The house maintains the traditional Ibizan construction of thick walls that keep the house cool during the day despite the summer heat.

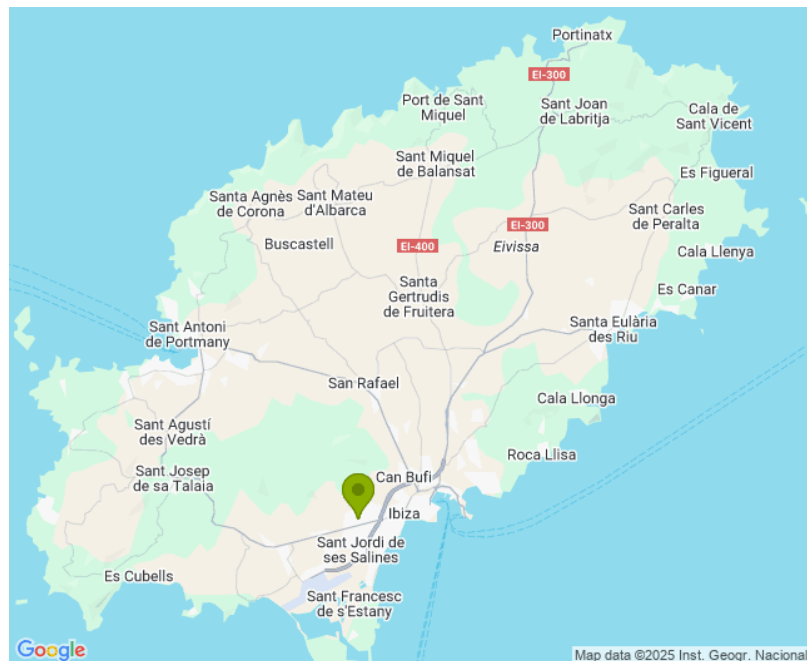

In addition, all the rooms and the living room has air conditioning and their also chimney.

To enjoy the exterior of the house the guest has two magnificent porches, a great table of 10 people under a carob tree of more than 200 years that provides shade all day.

The 28 m2 pool has saline scrubbing that is much better for the skin by not using chemical chlorine to keep the water.

Being in a quiet area there is no problem to park the cars outside the house, it is also possible to park inside the house.

It is very central and close to supermarket, airport, beaches of Salinas, and Playa den Bossa.

It has an indoor parking space, and an exterior one next to the villa.
