Spectacular Property for Sale in Formentera

This special home offers stunning sea views and a front-row seat to beautiful sunsets. It's in a private and peaceful spot, ensuring maximum tranquility. Sitting on a spacious 24,000m² plot with a thriving olive tree orchard, this property is a true oasis.

Originally built as a cozy country house in the 1930s, this 90m² gem got a makeover in 1990. Recently, it had a careful update and expansion, as per the new owner's vision. The outcome is truly impressive—a luxurious house featuring a basement, an annex, a refreshing swimming pool, and a thorough revamp, making this property one of Formentera's most exclusive residences.
