High standard newly built villa in Ibiza

Completely newly built modern property in an exclusive neighborhood near Ibiza Town. The house is located in one of the best areas of the island. On the pine hillside with spectacular views of the Mediterranean sea this villa can be a really perfect house for those, who are looking for comfort, beauty and high quality of life.

This contemporary villa was built with the highest standards, using only the best materials. The architect created optimal spaces with high ceilings and vast bedrooms. This is one of the biggest properties in the neighborhood, with a basement, a ground and a first floor. There are currently 4 suites with a possibility of creating 3 more.

You can access every floor by stairs or elevator. The whole villa has air-conditioning, floor heating and high speed internet connection. We can really say that modern luxury meets high-end commodities.

Main

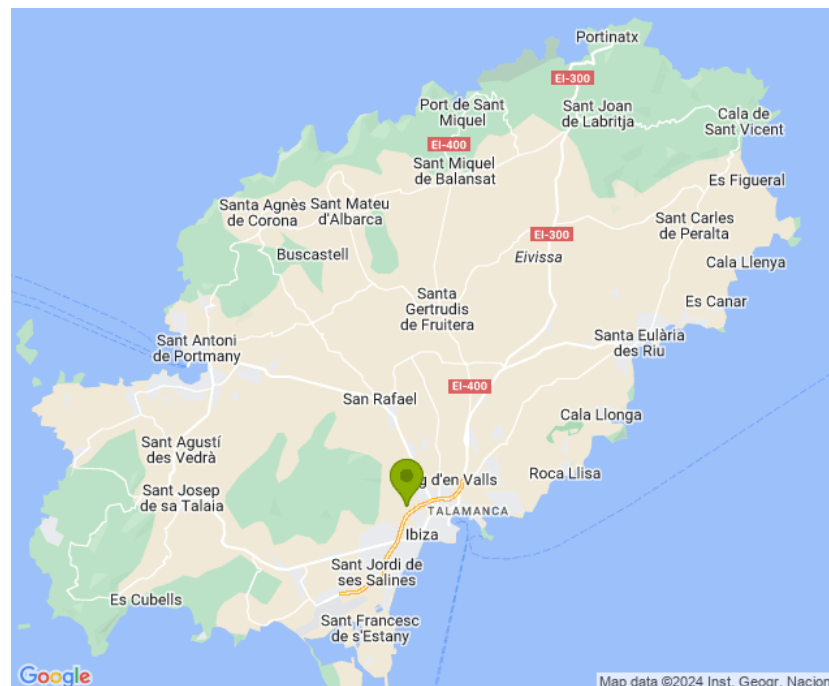

floor

The living space is located on the ground floor, with a modern cast iron fireplace and a slick black kitchen that have been specially designed to match the gorgeous big windows. Just a one step and you are in the chill out and pool area with breathtaking views to the island and sea. And on this floor you can find one junior suite, one master suite.

First

floor

There is a big stairway that leads to the upper floor with another 2 suits - one junior suite, another - master. There is also a space which can be used like an office or library.

Basement

floor

The basement level is pretty vast with a lot of possibilities. Here can be arranged 3 more bedrooms, a gym, a club area, or cinema... There is also a garage for 3 big cars.

Outdoor areas

This home is ready to move in, although it leaves possibilities for changes to suit the tastes of the future owners. Quite removed from the hustle and bustle and traffic, and at the same time a short drive from everything you want, this villa can be the perfect place for an unforgettable holiday, as well as for permanent residence in Ibiza.

This house is better to see in reality than on the photos because the photos can not show you the high standart of the building. You are welcome for more information.
