Located in the heart of La Marina neighborhood, on the famed Anibal Street, also known as Pharmacies Street, this 60-square-meter pent-house loft, fully renovated in 2024, is just steps away from the main square of Vara de Rey and a stone's throw from the Pereyra Theater. Situated on the top floor of a historic building, this property beautifully combines the elegance and charm of a historic edifice with the luxury and comfort of a 5-star hotel.

The loft has been meticulously renovated with careful attention to detail. It features an open-plan living space with a bathroom and shower seamlessly integrated into the living area, a large bed, and built-in wardrobes for efficient space utilization. The kitchen is a masterpiece in itself, boasting Italian marble surfaces and being fully equipped with modern appliances for a high-end culinary experience.

Unique in its offering, the loft has dual aspect views: one side overlooks the historic city walls, while the other provides a picturesque view of a quaint street adjacent to the old marina of Ibiza.
